

Beautiful sound on tour.

The Harman Kardon Soho unveils a new benchmark in unprecedented portable sound, tastefully appointed in a sleek, sophisticated package. Esthetically impressive, these new headphones by Harman Kardon provide exceptional sound based on specially-selected 30mm drivers and high-performance, neo-transducers for crisp high ends and a refined bass response. Crafted from rich, stitched leather coupled with the boldness of stainless steel, the Soho has been designed to do more than look and sound extraordinary. Its headband folds inward as its ear cups fold flat to fit inside an ultra-slim carrying case like a kid glove. Complete with its own cable management system, an in-line remote control and optional microphone, the durable Soho is as simple to use as they are impossible to put down. Whether playing MP3s or listening through other devices, the Soho reflects the rich heritage of Harman Kardon's legacy of design and reputation for unmatched audio quality. Whatever your needs in life, the Harman Kardon Soho is the perfect solution. Elegance meets excellence in form, function and the exemplary audio performance you'd expect from Harman Kardon. Call it a personal statement that grows with you.

Key features

Sophisticated design

Beginning with the need to create a superior, compact headphone became a typical Harman Kardon statement of art and science. Its functional design features Euro-styled craftsmanship incorporating the high-end touch of stitched leather and stainless steel while the Harman Kardon Soho folds flat for busy, on-the-go lifestyles, protected in their own ultra-slim carrying case.

Exceptional performance

Harman Kardon acoustics inform the 30mm power drivers and neo-transducers housed within each sleek, foldable ear cup to deliver on the Harman Kardon reputation of sound quality. Crisp highs and deep lows join multiple hook-up options for mp3 players, iOS and androids.

Foldable, Portable, Secure

Its durable, stainless steel headband folds inward together with foldable ear cups, rendering the Harman Kardon Soho functionally flat for safe housing in their ultra-slim, fits-anywhere carrying case – perfect for your travel needs or added protection. A cable management system ensures reduced wear-and-tear for every connection.

What's included

- 1 pair Harman Kardon Soho headphones
- 1 slim-line carrying case 1 straight cable
